Report

Voluntary blood donations during these two years have been decreasing, and the Donate Blood application will significantly help the Blood organisations to achieve its mission – to save lives and treat patients.

This Blood donation camp was organised by NIFAA and Medical College Kottayam at St. Xavier's college Vaikom. Participants Included NSS Volunteers, NCC Cadets, Students and donors from nearby locality. The camp started at 10 am and concluded by 2 pm. Total 37 donors were found eligible for donating blood and 37 Units of Blood was collected. All donors were provided with certificates and refreshment after the camp.

The most important part is the possibility of scheduling the voluntary blood donation, then receiving the notification of the Blood collection centres, and finally the possibility to have an insight into blood supplies at the national level. We hope that this solution of scheduling the camp, in this particularly difficult time for the health system, will significantly contribute to improving the experience of blood donation and help the organisation in achieving its mission – to save lives and treat the patients without any difficulties.
